Dear Neighbors,

Hopefully all of you survived this morning scare of the Tornado warning and did not get any damage from rain or wind in the last few days. The weather has been truly April-like as Mother Nature keeps playing her mischievous games with us.

The Covid-19 situation obviously did not help; however, it seems we will be over it hopefully soon. Be patient with the regulations and directives; it won't be long and things will get back to normal. Enjoy the time you can spend with family. This might be the best time to do those home chores that normally get pushed off to the back burner.

Our little subdivision is all beautifully green and the oak pollen is being slowly washed away – thank Goodness. Apparently, few POA members had not provided us with their up-to-date emails, but we are slowly getting the address book current. For that reason, I am providing again the SCRPOA website address and login for the secure files. <http://silvercreekranch.org>

The Business Connection roster has been posted on the website and it includes some pretty interesting expertise and professions. Take a browse through the website to get familiar with it and take advantage of some of its perks.

This Easter Sunday is turning out to be a beautiful day – I want to wish all of you happiness, peace in mind and most of all - **health.**

HAPPY EASTER
